

I just wanted to let you know, that Air1 is very positive radio station that would be missed if it was taken off. Air1's music is very uplifting and never violent and would never cause anyone to do anything wrong. It also provides news and weather to get you thru the day. I would just ask you to listen to Air1 for a day before you replace it and if you don't like it, take it off, but if you find nothing wrong please keep it on.

Thanks for your time.
